

NICU / PICU Family Liaison Team

Information for families

Great Ormond Street Hospital
for Children NHS Foundation Trust

Who we are:

The Family Liaison Nurses are all experienced neonatal or paediatric intensive care nurses. Esther, Petra and Katie previously worked on the units as Sisters. A senior nurse from NICU/PICU joins the team for a one-year rotation before returning to their former role.

What we do:

We aim to meet and orientate all families of children admitted to NICU and PICU to provide comprehensive advice and support.

We work closely with the psychosocial team of psychologist, social workers, chaplains, play specialist, community midwives and any others involved with children and families.

We provide a point of contact for families either before a planned admission or during an inpatient stay.

How to find us

We work on NICU/PICU Monday to Friday from 8am to 5pm

We will introduce ourselves to you but if you need us in the meantime, please ask your bedside nurse to contact us.
