

**Join in with your own home made drum kit.**

**Look around you, what could you use as part of your home made drum kit?**

**Do you have a pot, pan or a mixing bowl?  
What else could you use as a drum?**

**Is there anything around  
you that makes a low sound when struck? A pillow, a blanket?**

**What could you use as drumsticks? Any spoons, pens or chopsticks  
around?**

**Now you've got your 'instruments' (3-5 different ones is great) set them up around you.  
Have a play and explore the sounds you've got - can you create your own rhythm?**

**You're ready to jam! Play along with me or have fun jamming on your own.**

**Enjoy! And don't be  
scared to make noise!**
