

## Postcards to My Family and Other Animals

A creative idea from GOSH resident artist Abigail Hunt

Can you help these animals get their message across by filling in their speech bubbles...?

Try printing out and cutting out the postcards to send messages to family and friends.

You could write messages to cheer up someone's day, to make someone laugh, to say 'Thank You' or just as a quick 'Hello'.

Use the postcards with filled in speech bubbles or try thinking up for yourself what the crazy creatures might be saying and use the postcards with empty speech bubbles. Have Fun with your messages!
